

Pacmasta®

Large Uniform Carton Sealer

Pacmasta PMCS-150

We have designed the Pacmasta Carton Sealing Machine for closing uniform cartons with the same height and width. It is an excellent choice for any low to high volume box closing needs of the industry and suits cartons up to 600mm high and 600mm Wide. Our PMCS-150 Carton Sealing Machine can seal both top and bottom of the carton simultaneously at a fast speed. The box to be sealed is driven by the two side belts and two top belts through the machine, while rolling dispensers apply the pressure sensitive tape. After the sealed box is discharged, the machine is immediately ready for the next box.

Easy Operation
Push box & release

Triple Motor
(Four drive belts)
Suits heavy boxes

Robust Machine
Design Long working,
trouble-free life

Freely Movable on Caster
Wheels. Wherever your
packing work is done

Large Uniform Carton Sealer

Pacmasta PMCS-150

STANDARD FEATURES
